

PAUL DUECK

Harpist and Singer

I would love to grace your wedding day with music on the Celtic or Paraguayan harp. I play the harp at outdoor garden weddings as well as in large churches. The magical sounds that welcome the wedding couple into the “sanctuary” for the much anticipated ceremony will leave you with memories which will last a life time. I am also available to play at the wedding reception.

I look forward to planning your special day with you!
